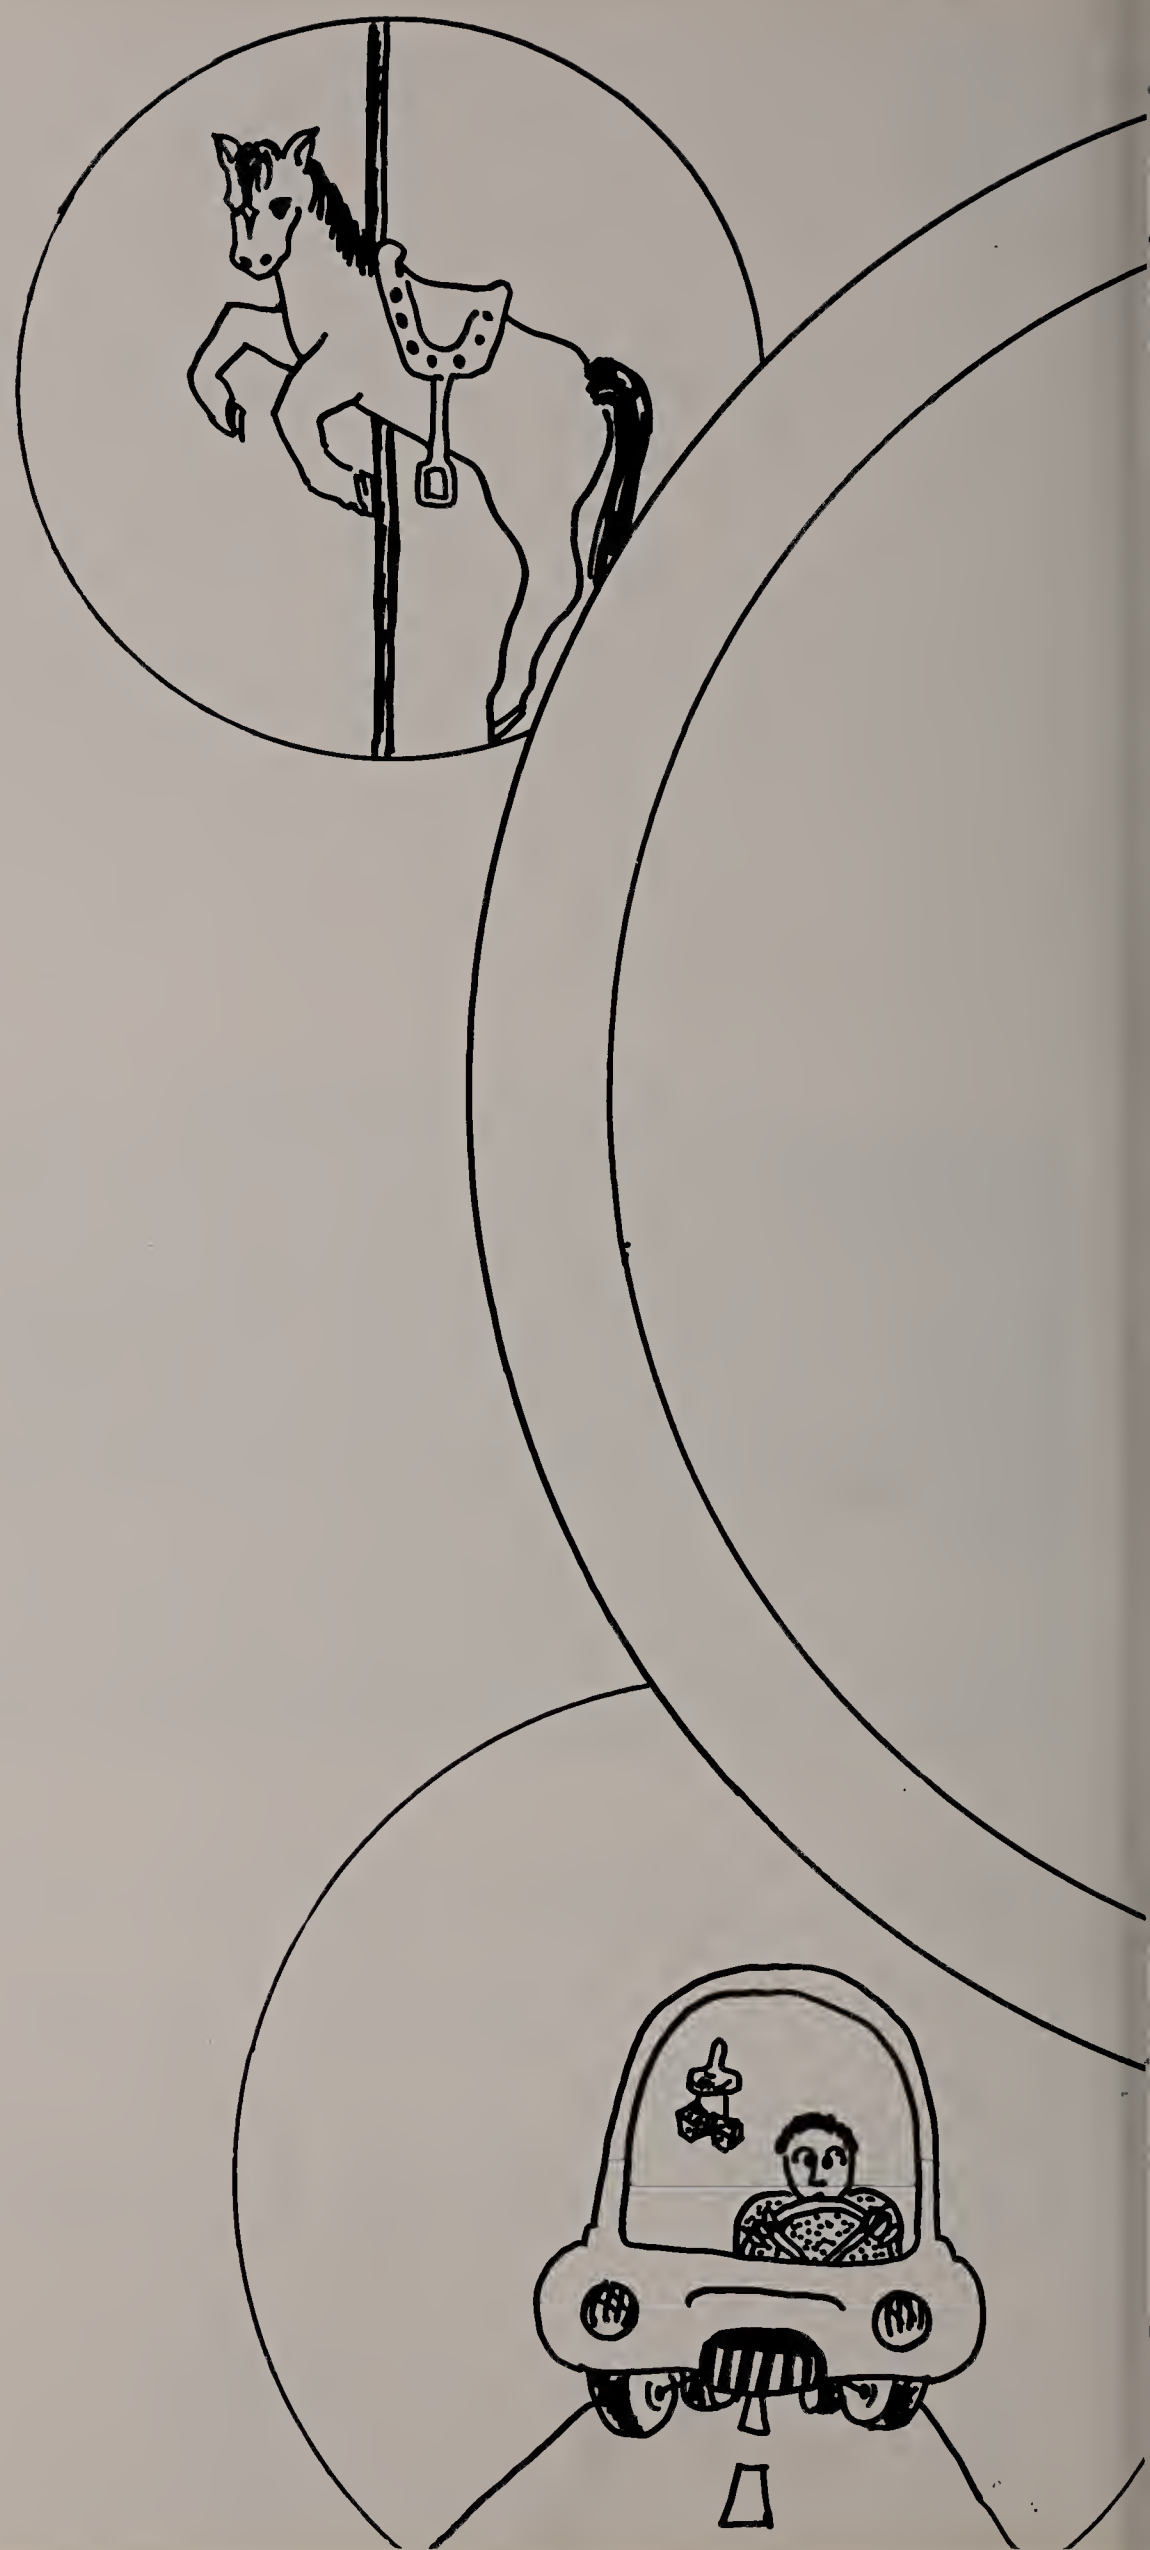
West Tisbury



Yesterday a child came out to wonder
caught a dragonfly inside a jar,
fearful when the sky was full of thunder
and tearful at the falling of a star.

Then the child moved ten times 'round the
seasons
skating over ten clear frozen streams.
Words like, "When you're older" must
appease him
and promises of someday make up his
dreams.

Sixteen springs and sixteen summers gone
now.
Cart wheels turn to car wheels through
the town.
You tell him "Take your time, it won't be
long now —
'till you drag your feet just to slow the
circles down."

And the seasons, they go 'round and
'round
And the painted ponies go up and down
We're captive on a carousel of time
We can't return we can only look
behind from where we came
And go 'round and 'round and 'round
in *THE CIRCLE GAME.*

To John W. Mayhew
Dear Capt.,

You are sooo neat!

Thank you for all of the guidance and support that you have given to us through our four years of high school. Your Wisdom and humor will remain in our hearts forever. Thank You Capt.

Sincerely;
The Class of 1986

P.S.

We have done some research and found that there is no such thing as under-water basket weaving.

CLASS HISTORY

In the fall of 1982, approximately one-hundred freshmen unloaded from gleaming yellow buses which had transported them to M.V.R.H.S. Here we would be kings for a day . . . only a day. This was freshman orientation, the day we were to make the transition from being children to young adults. The days that followed would promise to be the best of our lives, days we would never forget.

Our four year stay at MVRHS brought many outstanding achievements both in academics as well as athletics. Some of these achievements included 2 first place Scholastic Press Awards for our literary magazine *"Sea Breezes"* and our memorable victory over Nantucket on the gridiron for the first time in 8 years.

The class of 1986 could never be regarded as the "richest class" there ever was, nor could it even be called a good fundraising class, being plagued with the dreaded "what happened to" syndrome our first two years. (What ever happened to those bumper stickers we were to sell and what happened to the trash cans we were to distribute?)

Our junior year was marked by our successful prom "In the Air Tonight." Our thanks go to the handful of people whose determination and hard work made it a night to remember.

Our years at MVRHS fell nothing short of being rich, rewarding and above all fun. And as they say, time flies when you are having fun. Well, class of 1986, the party is over, good luck in the REAL world.

"By the time it came to the edge of the forest the stream had grown up, so that it was almost a river, and, being grown-up, it did not run and jump and sparkle along as it used to do when it was younger, but moved more slowly. For it knew now where it was going, and it said to itself "There is no hurry. We shall get there someday."

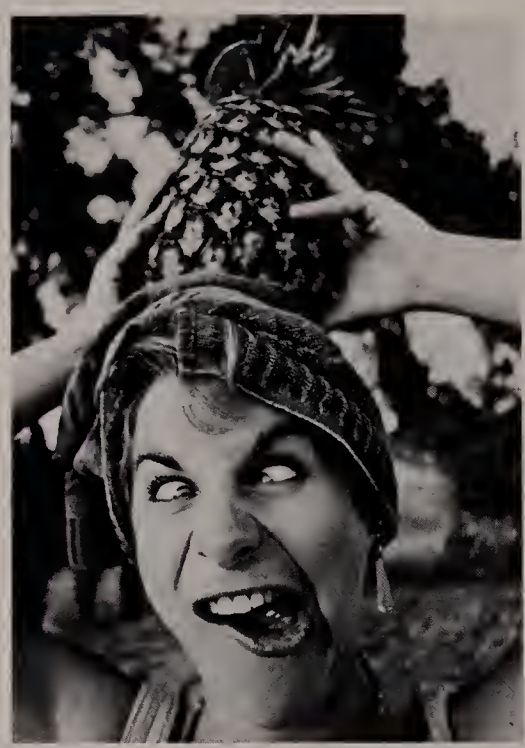
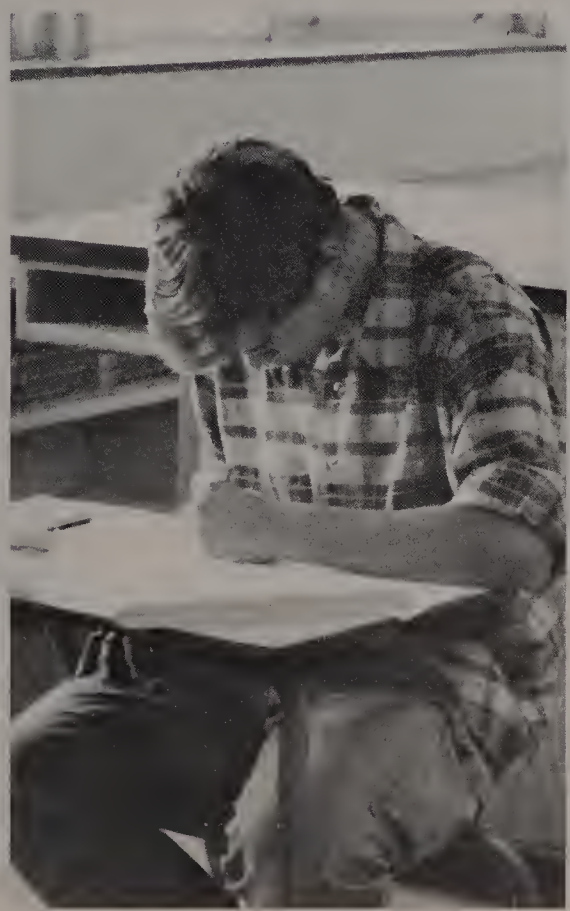
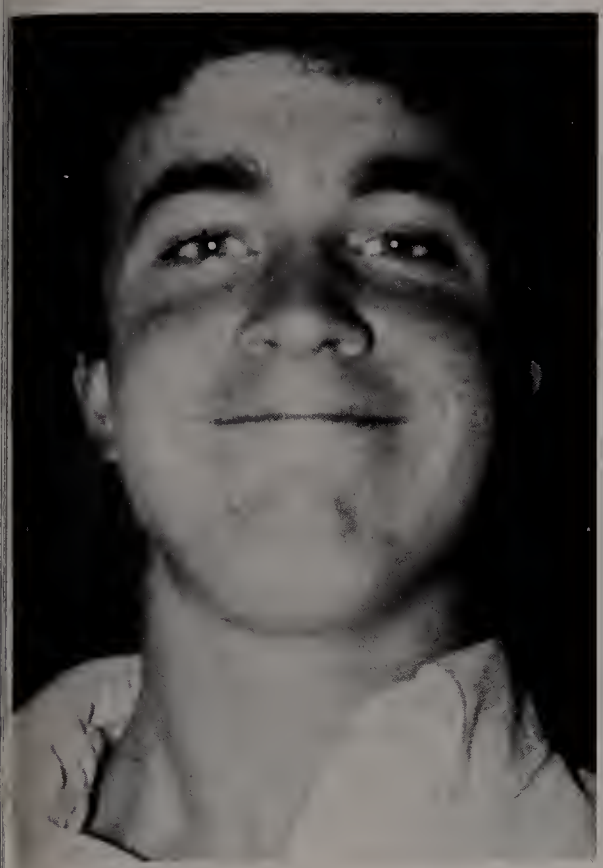
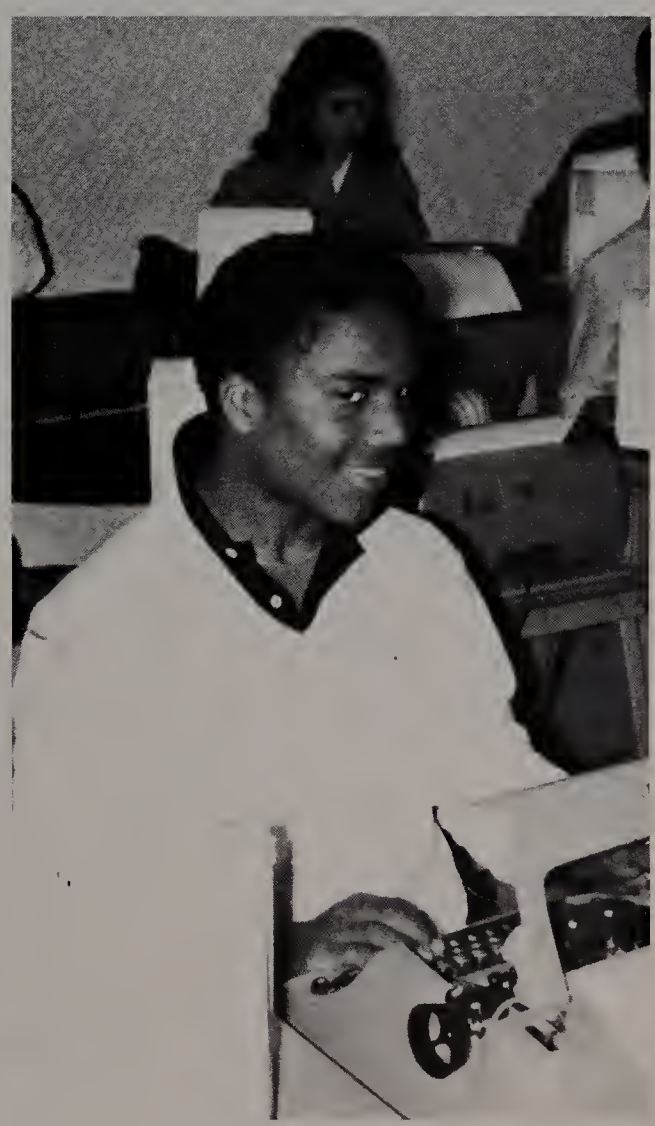
Quote: "Live today to the fullest for tomorrow may never come."



Diana Douglas







So the years spin by and now the boy is
Twenty,
though his dreams have lost alot of
Grandeur comin' true.

They'll be new dreams, maybe
better dreams,
They'll be plenty of new dreams,
before the last revolving
year is through.

And the seasons,
they go 'round and 'round
and the painted ponies
go up and down.
We're captive on a carousel
of time.
We can't return, We can only look
behind from where we came,
And go 'round and 'round and 'round
in the *CIRCLE GAME.*

Good-bye and good luck
